DIY Balloon Backdrop
Maria Provenzano

Materials:
Gift wrapping tape
Mylar balloons
Additional balloons and helium if desired

Directions:
1. Blow up the Mylar balloons with designated straw (it should come as part of the package when ordered online).
2. Tape into the wall as desired.
3. To create a structured look, start in the center and work your way out evenly spacing out the balloons.
4. Be sure to step away and look at it from a distance each time to ensure the spacing is consistent.
5. Blow up the additional balloons to make the space look even more filled.
